Our Mineral Springs

An eminent authority has highly praised the famous Agua Caliente Hot Mineral Springs and Boys Hot Springs especially for the great value in the cure of rheumatism. It has been also stated by equally reliable authority that there is no better mineral water in the world than are found right here in good ll Sonoma Valley.

The following is taken from a San Francisco daily. "Dr Gustave Toeper, chief surgeon at the famous Carlsdad Springs in Germany, has just completed a tour of the California mineral springs. California mineral springs. When seen at the Fairmont this morning he said:

"The California springs I consider unsurpassed, especially for the treatment of rheumatism, but I do not believe the greatest amount of good is now obtained from them. This is not the fault of management, but the temper of the people. There are two reasons for this. In the first place few go and remain long enough to effect a cure, and of those who go a few will not heed the advice of the physician. In Germany we make every one use the cure according to the physician's orders, otherwise as much harm as good is done."

John D. Wagnon Acquitted

The prelimernary examination of Trustee John D. Wagnon before Justice of the Peace Atchinson in Santa Rosa last Friday resulted in a dismissal of the charges of resisting an officer. This settles the case as far as the criminal proceedings go and probably the matter will be dropped entirely. Mr. Wagnon's many friends in this section and elsewhere will be glad to know that he has justly escaped from his little difficulty.

Gigantic Land Frauds

Startling information of gigantic frauds in public lands have been unearthed by Secretary Garfield in a number of states west of the Mississippi river. It is said that fully 110,000,000 acres of landhave been acquired fraudulently by corporations and individuals within the past two years.

Secretary Garfield Monday called together the chairmen of the House and Senate Appropriation Committees and requested a fund of $500,000 be set aside for the prosecution of these cases. There are said to be fifty-two distinct cases. There are 1400 in California and Nevada; 36 in Montana; 21 in Wyoming. and 8 in Colorado, besides men in other states.

Moving Picture Show

Francisco Bescioni has received his moving picture machine and is now preparing Rossi's hall, El Verano for the entertainments it is his purpose to give. The machine is of the latest improved pattern of Edison's wonderful patent. Mr. Bescioni expects to be ready for business by the first of next month. Three thousand feet of pictures and two illustrated songs will be given, Frequent changes will be made in pictures and songs.

May Abandon Trip.

Jack London is sick in Sydney, the Snark has been laid up in the Solomon Islands, and unless there is a material improvement in the novelist's condition, he and Mrs. London will abandon any further attempt to continue the voyage around the world, and return to San Francisco about April 1st. This is the news conveyed to friends in Berkeley by letters from Mrs. London.

You may eat all the good sensible food you like if you will let Kodol digest it for you Don't worry about dyspepsia or indigestion, for worry only tends to make you more nervous. Besides you don't have to worry any more about what you eat, because Kodol for dyspepsia and Indigestion will digest any food at any and all times. Kodol is guaranteed to give prompt relief. Sold by all druggists.

Will Not Contest Suit

It was learned Monday that Theodore Stoneberg, the Sonoma Valley rancher, who was sued for a divorce last week by his wife, Mrs. Annie Stoneberg, who alleged extreme cruelty and that he had acquired an "affinity" on the occasion of their recent visit to Europe and while they were in Denmark, will not contest his wife's application for a divorce. He has retained an attorney and there will be an adjustment of property rights. The suit has attracted considerable attention in this section where the Stonebergs have resided for some time. They were married several years ago in Fruitvale in this State.

Grangers Pass Resolution

A the meeting of the Glen Ellen Grange heldjon Saturday a resolution was adopted favoring the amendment of the Cartwright Anti-Trust law. In the opinion of the Grangers, the law should be amended so as to make the creation of monpolies unlawful, and agreement were ty the values or prices of property of others than the parties to such agreements are fixed or influence, should be made unlawful, etc. The resolution was offered by General Theodore Wagner.

Joe Barry, who held the keys to the county bastile at Santa Rosa, has resigned and Chas. H. Meyers of Petaluma to suceed him. Mr. Meyers will take up his official duties next week.

A City Clerk Resigns.

After twelve years in the office of City Clerk of Petaluma Art. S. Newcurg the popular city editor of the Argus has resigned the position and will henceforth devote his entire time to news paper work. Jas. A. Peoples has been appointed by the board to fill Mr. Newberg's unexpired term.

May Reduce Bag Limit.

At the present sessiontof the state legislature an effort will be made to reduce the bag limit from thirty-five to twenty-five, and to prohibit market hunting.

Both these provisions of the bill will find strong opposition. The attempt to put the blanket on market hunting was made two years ago but was defeated. Many of the duck hunters who do not make a business of selling ducks, dispose of the birds in this way oft times to pay expenses of the hunt gratis and have a square meal of ducks as well. So the prohibition of the sale of ducks effects a larger number of hunters than the word market hunter would imply.—Solano County Courier.

Stomach Distress

Every family here ought to keep some Diapepsin in the house, as any one of you may have an attack of Indigestion or Stomach trouble at any time, day or night.

This harmless preparation will digest anything you eat and overcome a sour stomach five minutes afterwards.

If your meals don't tempt you or what little you do eat seems to fill you, or lays like a lump of lead in your stomach, or if you have heartburn, that is a sign of Indigestion.

Ask your Pharmacist for a 50-cent case of Pape's Diapepsin and take one triangule after supper tonight. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, Nausea, Debilitating Headaches, Dizziness or Intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for all stomach misery, because it will take hold of your food and digest it just the same as if your stomach wasn't there.

Actual, prompt relief for all your stomach misery is at your Pharmacist, waiting for you.

These large 50 cent cases contain more than sufficient to cure a case Dyspepsia or Indigestion.

Anti-Race Track Bill.

The Assembly Committee on Public Morals late Monday afternoon voted to return with a favorable report the Otis anti-racing track bill, without any amendments. The announcement created the greatest of surprise both in the Assembly and Senate.

The bill, which is based on the Hughs law in New York, is the most stringent measure against race gambling either on or off the track ever drawn. Instead of going after the gambler as does most such measures the bill makes it a felony to operate or maintain rooms for pool selling.

This bill passed the assembly yesterday by vote of 67 to 10.

A Good Improvement.

County Superintendent DeWitt Montgomery has issued a circular to the teachers of the county apprising them of the new plan where by the pupils daily work in the school will count when it comes to graduation from the grammar school to the high school. Monthly reports of the work of the pupils in the 8th. grade is to be sent to the County Superintendent. This record is kept and is considered with the pupils' examination paper, as a basis for promotion to the high school. The plan is an excellent one and will be greatly appreciated by both teachers and scholars. And by the way we might state in passing that Mr. Montgomery is making a splendid officer and is giving general satisfaction to all who are interested in the betterment of the schools in this county.

A Good Citizen Gone

N. S. Trowbridge, a highly esteemed resident of this city passed away quite suddenly at his home on Broadway at an early hour this morning. Deceased had been ailing for several weeks but his sudden demise was hardly expected at this time. He was 64 years of age and leaves a wife and several children to mourn his departure.

Mr. Trowbridge was a man of fine character a thoroughly good husband and father and splendid citizen. His death is a district loss to the community. Until a few months ago when they moved to Sonoma the family resided on a ranch near Glen Ellen for a few years past. Mr. Trowbridge was a well-known mining expert and superintendent and has a large number of friends in Alaska and the West. The sympathy of all goes out to the relatives in the sad loss. The remains will be shipped to Oakland Monday morning for cremation.

To be Wedded Soon

Invitations are out for the wedning of Miss Maude Malcholm Fraser of Alameda and Rev. Chas. C. Champlin, a young Congregational minister of the metropolis. Both young people are well and favorably known in this valley where both formerly resided.

The bride-to-be was a popular teacher in our local high school. The marriage will take place at the Fraser home in Alameda next Tuesday, January 25th. The groom has just been called to the pastorate of the Park Congregational church in the Metropolis, where the couple will make their home. The best wishes of a host of friends go with them in their journey through life.

A New Enterprise

The Pacific Educational Association, the Seventh Day Advent society have purchased the Allamano property on the corner opposite the Rufus place, east of town, and will convert it into a broom factory and home for cripples. This settles the question as to whether or not a road-house will be started at that corner.

W. O. W. Meeting.

Every neighbor is urgently requested to be present at a meeting of Bear Flag Camp, No. 758, W. O. W. in Dunbar Hall Saturday evening January 22 [illegible] ght prices at Don't miss rday, Janu-

Killed by Automobile.

Wednesday afternoon while crossing the street at Haight and Laguna Streets, San Francisco Miss Euphrasie Rouquette 23 years of age was run over and killed by one Fred Dennison recklessly driving an automobile. The unfortunate young lady was taken to the Emergency Hospital where it was discovered that she had sustained a broken leg and several serious internal injuries, from which she soon afterwards passed away. Deceased was a sister of A. Rouquette of the French Laundry in this city, who received the sad intelligence yesterday morning. Mr. and Mrs. Rouquette left here on the yesterday afternoon train to attend the funeral in the metropolis. They will return Saturday evening. The bereaved relatives have the sincere sympathy of all in their sad lost. Dennison was immediately arrested but was later released on a $1,000 bail.

Louigi Lia Convicted

Louigi Lia, accused of assault with a deadly weapon on C. Regoni, by stabbing him in the back one dark night in Sonoma several months ago, was found guilty as charged by a jury in Judge Seawell's court in Santa Rosa yesterday. EXPOSITOR readers will remember the details of the case as reported in this paper and also the fact that for many weeks it was thought that Mr. Regoni would die from the vicious cuts received from his assailant's cruel thrusts.

At first an attempt was made to prove an alibi, but this was given up after the masterly grilling given the defendant by Dist. Attorney Clarence F. Lea, and a feeble attempt was made to set up a plea of self defense. It fell wide of the mark. It has been reported that defendant Lia confessed that he was the assailant of unfortunate Regoni but attacked him in self defense. The jury did not accept this theory however, and did not take long in pronouncing Lia guilty as charged. He will be sentenced next Tuesday. Attorneys H. W. Matthewson and Kennedy, defended Lia, and Dist. Attorney Clarence F. Lea, prosecuted. A large number of witnesses were called from this city and testified at the trial.

The Storm.

Sonoma Valley is getting her share of rain at this season of the year, the total up to Thursday noon being 18:72 inches as against 11:20 inches at the same time last year. Yesterday evening the lower part of the valley was mostly under water but no material damage is reported. Sonoma Creek banks have been worn away considerably in many places by the high water.

Will Sue for Damages.

It is reported that Trustee John D. Wagnon will bring suit against the Santa Rosa Gun Club whose preserves are at Merazzo, for malicious prosecution. The case against Mr. Wagnon proved to be no case at all hence he thinks that the unjustifiable annoyance and notoriety he endured should be paid for by the parties responsible for his trouble. The arresting officer and Constable Boswell, it is said will be made parties to the suit.

Delayed Trains.

The Northwestern Pacific train Sonoma Valley branch due to arrive here at 7:20 P. M. was so late, owing to a washout on the main line between Ignacio and San Rafael that it did not arrive until 8:15 yesterday morning. The washouts have been repaired and it looks now as though the storm had broken and the trains will be on time as usual.

A Narrow Escape.

Guy Weems a well known Sonoma boy had a narrow escape in coming down a steep grade in an automobile near San Geronimo, Marin Co. one day last week. The machine was run into a bank and avoided just in time, a deep canyon on the opposite side. Guy and his companion escaped with a few painful bruises and a generous collec[illegible] mud on their wearing appar[illegible]

Wm. Coburn.

Many friends in Sonoma will learn with sincere regret of the death of Wm. Coburn which occurred in San Francisco on Monday. Mr. Coburn was one of the pleasantest gentlemen we ever met, the soul of honor, and a man of clean moral and a noble successful life. He resided in this city for many months and stood high in the esteem of all with whom he came in contact. He was a native of Pennsylvania, aged 88 years and father of Mr. Coburn of the firm of Whittier and Coburn Co. of the metropolis.

Card of Thanks.

We wish to express our sincere thanks to those who tendered aid and sympathy in our late bereavement, and for the beautiful flowers contributed by loving hands.

Especially do we feel most deeply grateful to one and all, who, not with standing the raging storm. found their way to our home, to share the last sad rites of our beloved husband and father.

MRS. M. L. SHAW AND FAMILY.

Will be Married Soon.

An event of much pleasurable interest to their many friends in thie city and elsewhere will take place in Sonoma on Feb. 7. next. when Wm. Rambo, the well-known blacksmith and wagon maker of Sonoma will lead a fair bride to the alter in the person of Miss Lillia Blanche Kinne a popular young ady of this Valley.

Both young people are highly esteemed by a wide circle of friends who extend hearty congratulations and best wishes.

Gradually Dying.

Some old style, old fashioned crooked and disreputable county weekly newspapers we know of will eventually die a natural death and it will be a Godsend to the community when they do. Nobody would buy them as they are not worth having as a gift. The editors hang on to them because they can't get rid of them. They are like the dog that adopted a man.

Are Making Bread

Mr. and Mrs. Andrew Castex of the Pioneer French Bakery on Napa street, announce that they have resume making fine bread and the delivery wagon will make its usual runs. Repairs to their bakery which was damaged by the recent fire, have been nearly completed.

Sixty-five Years Young

City Marshal Jas. H. Albertson was kept busy yesterday in receiving the congratulations of his friends on account of his having passed another mile stone through the journey of life. Our genial marshal was 65 years young yesterday having been born on Jan. 21, 1844. If the records had not stated otherwise appearances would lead one to believe that Uncle Jim has exaggerated ten or fifteen years in stating that he had passed the three score and five mark.

THE SECRET OUT.

To refute the many false and malicious attacks, bogus formulæ and other untruthful statements published concerning Doctor Pierce's World-famed Family Medicines, the Doctor has decided to publish all the ingredients entering into his "Favorite Prescription" for women and his equally popular tonic alterative known as Dr. Pierce's Golden Medical Discovery. Hereafter every bottle of these medicines leaving the great Laboratory at Buffalo, N. Y., will bear upon it a full list of all the ingredients entering into the compound. Both are made entirely from native roots, of rare medicinal value. The ingredients of the "Golden Medical Discovery" being Golden Seal root, Queen's root, Stone root, Black Cherrybark, Mandrake root and Bloodroot. The "Favorite Prescription" is prepared in a similar manner, from Blue Cohosh root, Lady's Slipper root, Unicorn root, Golden Seal root and Rattleweed root, these ingredients being macerated for a long time at a rather high temperature in a menstruum composed of chemically pure glycerine, of proper strength. The exact working formula for making these medicines cost Dr. Pierce and his collaborating Chemists and Pharmacists many years of study and experiments, but as perfected they produce almost perfect pharmaceutical compounds, embodying all the active, medicinal principles residing in the ingredients employed, and this, too, in such form and combination as to keep unchanged in any climate. Thus the use of alcohol is entirely avoided.

PROOF POSITIVE.

Without solicitation, Mrs. H. Harrison, of 112 West 2d Street, Sioux City, Iowa, wrote us as follows:

"I suffered for more than seven years with a very complicated form of female trouble accompanied with nervous prostration, and after doctoring with six physicians (all bearing excellent reputations), was informed that unless an operation was performed I would be an invalid all my life. Hearing of the wonderful cures effected by Dr. R. V. Pierce's remedies, and believing that there must be a cure for almost every ailment, I determined to make one more effort. I wrote to Dr. Pierce, and I will never forget his kindly advice, telling me to follow his instructions faithfully and not to submit to an operation. I commenced to improve after six weeks' treatment, and in five months my improvement was so noticeable to friends that they began to inquire about my method of treatment. I was pleased to tell them of the wonderful means of cure that I had most fortunately found, and, as so many ladies applied to me for information regarding Dr. Pierce's world-famed medicines and his plans of treatment, I felt in duty bound to give them the benefit of my experience, so told them the facts. The large number of positive cures effected by Doctor Pierce's remedies alone, used by my recommendation, seemed, in one year's time, nothing short of a miracle. I couldn't have believed it had I not seen the parties and known the facts."

Dr. Pierce's Good temper is largely a matter of good health, and good health is largely a matter of healthy activity of the bowels. Dr. Pierce's Pleasant Pellets cure constipation. They are safe, sure and speedy, and once taken do not have to be taken always. One little "Pellet" is a gentle laxative, and two a mild cathartic. They never gripe. By all druggists. **Pellets.**

Interesting data of the biota of the San Bernardino mountains collected by Joseph Grinnel, director of the new museum of vertebrate zoology of the university, shows that in these mountains are 35 different species of mammals and 139 species of birds during the summer alone, and more than 20 species of reptiles, besides a host of insects. Grinnell has issued a bulletin on the subject from the University Press giving the results of his investigation. One of the purposes of his investigations was to determine the limit of species and the causes which controlled the migration of birds.

The Pure Food Law

Secretary Wilson says: "One of the objects of the law is to inform the consumer of the presence of certain harmful drugs in medicines." The law requires that the amount of chloroform, opium, morphine, and other habit forming drugs be stated on the label of each bottle. The manufacturers of Chamberlain's Cough Remedy have always claimed that their remedy did not contain any of these drugs, and the truth of this claim is now fully proven, as no mention of them is made on the label. This remedy is not only one of the safest, but one of the best in use for coughs, and colds. Its value has been proven beyond question during the many years it has been in general use. For sale by L. S. Simmons.

AN AMERICAN HERO.

He Used His Own Body to Stop a Leak In a Ferryboat.

One morning in January, when the ice in the Hudson river ran unusually heavy, a Hoboken ferryboat slowly crunched her way through the floating floes until the thickness of the pack choked her paddles in midriver. It was an early morning trip, and the decks were crowded with laboring men and the driveways choked with teams. The women and children standing inside the cabins were a solid mass up to the swinging doors. While she was gathering strength for a further effort an ocean tug sheered to avoid her, veered a point and crashed into her side, cutting her below the water line in a great V shaped gash. A moment more and the disabled boat careened from the shock and fell over on her beam, helpless. Into the V shaped gash the water poured a torrent. It seemed but a question of minutes before she would lunge headlong below the ice.

Within 200 yards of both boats and free of the heavy ice steamed the wrecking tug Reliance of the Offshore Wrecking company, and on her deck forward stood Captain Scott. When the ocean tug reversed her engines after the collision and backed clear of the shattered wheelhouse of the ferryboat he sprang forward, stooped down, ran his eye along the water line, noted in a flash every shattered plank, climbed into the pilothouse of his own boat and before the astonished pilot could catch his breath pushed the nose of the Reliance along the rail of the ferryboat and dropped upon the latter's deck like a cat.

With a threat to throw overboard any man who stirred he dropped into the engine room, met the engineer halfway up the ladder, compelled him to return, dragged the mattresses from the crew's bunks, stripped off blankets and snatched up clothes, overalls, cotton waste and rags of carpet, cramming them into the great rent left by the tug's cutwater.

It was useless. Little by little the water gained, bursting out first below, then on one side, only to be calked out again and only to rush in once more.

Captain Scott stood a moment as if undecided, ran his eye searchingly over the engine room, saw that for his needs it was empty, then deliberately tore down the top wall calking he had so carefully built up and before the engineer could protest forced his own body into the gap, with his arm outside level with the drifting ice.

An hour later the disabled ferryboat, with every soul on board, was towed into the Hoboken slip.

When they lifted the captain from the wreck he was unconscious and barely alive. The water had frozen his blood, and the floating ice had torn the flesh from his protruding arm from shoulder to wrist. When the color began to creep back to his cheeks he opened his eyes and said to the doctor who was winding the bandages:

"Wuz any of them babies hurt?"

A month passed before he regained his strength and another week before the arm had healed so that he could get his coat on. Then he went back to the Reliance.—Everybody's Magazine.

A Lesson In Patience.

When the eminent botanist, Professor Aitman of Glasgow, was a small boy, he had the present of a silver bit, whereupon his mother was so worried with questions as to what he should do with it that she exclaimed, "Really, you had better go to Thomas Elliot's (a well known pharmacist) and buy sixpence worth of patience."

Down the street marched the lad and demanded of the chemist, "Mr. Elliot, please give me sixpence worth of patience."

Mr. Elliot, taking in the situation at a glance, said: "Certainly, my boy; there's a chair. Just sit down and wait till you get it."

Professor Aitman's endeavor to purchase patience was a great success. It made a deep impression on the lad and was one of the factors of his success in life.

The Horse's Power of Smell.

The horse will leave musty hay untouched in his bin, however hungry. He will not drink of water objectionable to his questioning sniff or from a bucket which some odor makes offensive, however thirsty. His intelligent nostril will widen, quiver and query over the daintiest bit offered by the fairest of hands, with coaxings that would make a mortal shut his eyes and swallow a nauseous mouthful at a gulp. A mare is never satisfied by either sight or whinny that her colt is really her own until she has a certain nasal certificate to the fact. A blind horse, now living, will not allow the approach of any stranger without showing signs of anger not safely to be disregarded. The distinction is evidently made by his sense of smell and at a considerable distance. Blind horses, as a rule, will gallop wildly about a pasture without striking the surrounding fence. The sense of smell informs them of its proximity.—Horse and Stable.

Won't Figures Lie?

Mrs. Hoyle—I am just twenty-three. Mrs. Doyle—I don't see how you figure it. You were twenty-two when you had your black silk, and you haven't had a new dress for ten years.—New York Press.

He Crowed Too Soon.

She—You'll be glad to learn, dear, that I've got out of visiting our relatives. He—Grand! Splendid! It hung over me like a cloud. How did you manage it? She—Oh, I asked them here!
